

Every family is a story.

Let's tell yours.

Do you keep meaning
to make time
to appreciate your life?

As parents, we're so often there, but not there.
We're changing camera batteries
while our child blows out the candles.
We're fumbling through the diaper bag
just as our baby discovers butterflies.

Or we're torn between
either snapping a cell phone picture
of our ice-cream-faced toddler
or simply enjoying the drooly, vanilla kiss
that is a two-year-old's specialty.

So let's get together ... and take the time.

My camera and I will do the work
of seeing and saving your story,
giving you an oasis of hours for living it.

I'll capture that crazy bedhead that makes you think
your children sprang from *Where the Wild Things Are*.
Then tying shoes, wandering city sidewalks,
buying coffee and sticky pastries,
slipping into the park and rolling in the grass.

Whatever the place and time,
it will be your place and time.

Let's tell your story.

PHOTO SESSION \$250

You pick the place and time, my camera and I will be there. And before we meet, we'll talk about optimal timing and locations, what you should wear, all your questions answered, so you feel relaxed and excited when storytelling begins. I generally shoot for anywhere from one to three hours, in two different locations, with a couple outfit changes (for you and the little ones, that is, not for me!). This lets us capture different aspects of your life and allows snack breaks for the small people. I'm there to get your story, as long as it takes, and there is no ticking clock.

Within seven days of our photo shoot, I'll visit you for an in-person review and ordering session. You'll get to see your 50 fully processed, print-ready photographs as a custom slideshow, and I'll help you choose the right combination of images and products, so you can enjoy this chapter in your family's history — on your walls, at your office, on the coffee table — for years to come.

Please note that the photo session fee covers our time together and my time processing and preparing your proof images for review. All prints, digital files, and products are priced in addition to the session fee.

In addition to portrait prints, I offer a variety of elegant, custom-designed products for showcasing your photographs.
